

Honeywood's display home centre opens

LOCATED in Fernvale's Honeywood Estate, Architectural Projects together with Jacob Homes have created the very first display centre which is now open for viewing.

Architectural Projects has house designs to suit any buyer, ranging from a three bedroom, double garage home of approximately 176sq m, to the larger four bedroom, double garage home at about 221sq m.

Architectural Projects sales manager Marco Gionfriddo said the team had selected the best blocks in the estate.

"They are all high lots and the outlook epitomises the exact feeling of what is on offer at Honeywood – the escape from suburbia," Mr Gionfriddo said.

"All of our homes are a full turn key – which means there is nothing more to do, everything has been thought of.

"We can also tailor a package to suit your budget and are also happy to build on your land.

"Our packages start at \$319,000 and go to \$370,000 with our full turn key packages starting at \$338,000."

The three displays are located at Fairneyview Fernvale Road and are open Wednesdays 10am to 4pm and Saturday and Sunday 10am to 4pm.

"Essentially what you see is what you get," Mr Gionfriddo said.

"The great thing about our range of homes is that when you come to visit the displays, everything that is in the home is a standard inclusion.

"There are no extra costs associated with our constructions.

"Things like stone bench tops, high ceilings and doors, frameless shower screens, high gloss cabinetry, soft close

drawers are just some of the many standard inclusions you would expect to pay thousands of dollars more for with any other builder."

Private viewings are also available by contacting Mr Gionfriddo on 0450 906 201 or 3378 6775.
